Lack of focus or forgetfulness is something we all experience every now and then. However, in today's hectic world, we tend to have these incidences more and more often. We encounter so many distractions on a daily basis, which become more prevalent when we are under stressful conditions. Those moments when we lack concentration and memory recall can affect both our personal and professional lives. Think about all the times when you could have used a little more concentration, attention, alertness, or memory recall and how that would have changed an event in your life.

That's why Amare Global has developed **MentaFocus**, an advanced new product composed of a unique proprietary blend of key ingredients backed by clinical studies shown to support focus, mental sharpness, clarity, creativity, and cognitive functioning.*

MentaFocus is featured in the world's first award-winning gut-brain axis nutrition system - the **Amare FundaMentals Pack**! It contains a proprietary pomegranate extract that has been shown in studies to increase short-term and long-term memory, enhance brain activation, and improve both working and recognition memory.*

MentaFocus is designed to supercharge your mind with high-quality, natural ingredients, to empower you to be at your best.*
